RELOCATION Checklist

PREPARING THE FAMILY

- Tell children about the move as far in advance as possible.
- Children may be sad about friends they're leaving behind. Help them make an address book so they can keep in touch!
- Get children involved by encouraging them to help you pack up their things. (TIP: Suggest that they set aside their favorite toys, stuffed animals or anything they might want on the journey itself.)
- Don't forget to pack food, a water bowl and supplies for your pets too. (TIP: Moving can be hard on pets, so let them keep a special toy or their favorite bed right up until it's time to go.)

GETTING READY

- Return anything that needs returning and pick up anything that needs to be picked up. Grab the dry cleaning, empty school lockers and gather up anything that you've got at the office or at the gym.
- Start the process of decluttering at home. Have a garage sale or, if there's not time for that, take everything to a local non-profit that can use the items you are leaving behind.
- Sort items before it's time to pack. Once you begin packing, keep like objects together and label boxes as you go so things are easy to find when you get where you're going. (TIP: Mark boxes that you will need to unpack first so they can be loaded last, e.g., bedding for the first night in your new home.)

DECISIONS

- Find a moving company and make sure they're insured.
- How are you going to move your pets? Do they need special accommodations while you are packing or unpacking?
- How are all your vehicles going to get to your new home?
- Will you be able to set up your new house enough to stay in it the first night? Or should you make hotel reservations?

MOVING DAY

- Fill out a change of address at www.usps.com.
- Cancel local memberships.
- Open up a new bank account and order new checks.
- Call your credit card companies and let them know that you're moving.
- Have your medical records transferred to your new doctor.
- Transfer prescriptions to a pharmacy near your new home.
- Transfer or schedule utilities at your new home.
- Transfer phone, internet, and cable services.
- Register children at their new schools and set up childcare near your new neighborhood.
- Cancel newspaper; subscribe to local publication.
- Register to vote and establish residency if you're moving to a new state!

RELOCATION Checklist

MOVING DAY

- Have cash on hand as a gratuity for your movers and for any last minute needs.
- Plan for meals, snacks and drinks on the day of the move. Don't forget the pets! (TIP: Have some paper plates and disposable cups and silverware available so everyone can eat without having to find, unpack, and then wash dishes.)
- DON'T put any of the following items on the moving truck: phones, chargers, laptops, mobile devices, medications, toiletries, a change of clothes, basic cleaning supplies, refrigerated or frozen items, and pet supplies. These are all things you may need the day of the move, so they're good to have with you in the car or plane.

WHEN YOU GET THERE

- You'll need to pick new service providers, from landscapers to dry cleaners. New neighbors might have good suggestions.
- Visit the Department of Motor Vehicles. You can check in online and get a list of what you need to bring and/or do regarding your driver's licenses and vehicle registration.
- Enroll your kids in after-school activities, such as music lessons, sports and more. (TIP: Ask teachers or contact a representative of the school parent's association for ideas.)
- Ask around about a new church for you and the family.
- Become a true local!
 - Buy a Dallas Cowboys hat or shirt.
 - Learn the difference between unsweet and sweet tea.
 - Find a nearby Tex-Mex restaurant.
 - If it's fall, head to Braswell High School for Friday Night Lights and football fun.
